The City may withhold approval of any such subsequent development or Public Improvements until such time as the Developer fulfills all the terms, conditions and requirements set out herein.

29. License to Enter Upon Private Streets, Driveways, and Parking Areas.

For purposes of protecting the health, safety, and welfare of residents of this community or the community as a whole, the City (and any departments thereof) maintains a license to enter upon private streets, driveways, and parking areas in this development.

30. Breach of Contract.

The Developer further agrees that any violation of or non-compliance with any of the provisions and stipulations of this Developer's Agreement shall constitute a breach of contract. A breach of contract shall also be deemed to have occurred in the event of the Developer's failure to perform work at the Development for a period of One Hundred Twenty (120) days (subject to extension for delays caused by an event, or events, of force majeure), the Developer's insolvency, appointment of a receiver, filing of a voluntary or involuntary petition in bankruptcy, the commencement of a foreclosure proceeding of a lien against the Development property, or its conveyance in lieu of foreclosure. The City agrees that in the event of a breach, it shall provide Developer with notice thereof in writing. Should Developer fail to remedy the breach, to the satisfaction of the City, within thirty (30) days after receiving notice thereof from the City, the City Engineer shall have the right to stop the work forthwith and use Developer's financial guarantees of performance provided under Paragraph 3 for such purpose, and require Developer to pay any additional amount required to complete the work.

31. Preservation and Restoration of Property.

Developer shall maintain the work during construction and until final acceptance by the City. This maintenance shall constitute continuous and effective work prosecuted as required with adequate equipment and forces to the end that the affected roadbeds, road surfaces and structures are kept in satisfactory condition at all times, Developer shall be responsible for all damage or injury to property of any character, including roadbeds and road surfaces, during the prosecution of the work, resulting from any act, omission, neglect or misconduct in Developer's manner of method of executing said work satisfactorily, or due to Developer's non-execution of said work, or at any time due to defective work or materials, and said responsibility shall not be released until the work shall have been completed, accepted by the City. When or where any

direct or indirect damage or injury is done to public or private property by or on account of any act, omission, neglect or misconduct in the execution of the work or in consequence of the non-execution thereof on the part of Developer, it shall restore, at its own expense, such property to a condition similar or equal to that existing before such damage or injury was done, by repairing, rebuilding, or otherwise restoring as may be directed by the City Engineer or Service Director, or it shall make good such damage or injury, in an acceptable manner. In the event of any damage or injury to property as stated herein, all deposits and financial guarantees set forth in this Developer's Agreement shall be retained by the City and not released until such time as the appropriate repairs are made and acceptable to the City Engineer, Service Director and City Law Director.

32. Ingress and Egress.

Developer shall restrict all movement of loads, vehicles, and other equipment into and from site in strict accordance with a route approved by the Service Director. All ingress and egress into the Development during construction of the Public Improvements shall be made through the designated construction entrance(s).

33. Cleaning Up.

During construction, the Developer shall keep the site of the work and adjacent premises as free from material, debris and rubbish as is practicable and shall remove this waste entirely and at once, if, in the opinion of the Service Director, such material, debris or rubbish constitutes a nuisance, a safety hazard or is objectionable in any way to the public.

Upon completion and before final acceptance of the work, the Developer shall remove from the site of the work and adjacent premises all machinery, equipment, surplus materials, excavated and useless materials, rubbish, temporary buildings, barricades and signs, and shall restore the

site to the same general conditions that existed immediately prior to the commencement of its operations.

The Developer shall clean off all cement streaks or drippings, paint smears or drippings, rust stains, oil, grease, dirt, and any other foreign materials deposited or accumulated on any public or private property caused by Developer.

In the event Developer fails to comply with its obligations as set forth herein, the City shall perform the necessary work to accomplish the clean up set forth herein and shall charge the Developer for said work. Weekly erosion control inspections by a CESSWI or CPESC certified inspector must be completed in accordance with ACO §1052.10(c)(11). Any issues arising out of these inspections or out of inspections conducted by City staff must be resolved pursuant to ACO Chapter 1052.

In the event of non-compliance and failure to cure after notice from the City, all deposits and financial guarantees set forth in this Developer's Agreement shall be retained by the City and not released until such time as the appropriate clean up is made and acceptable to the City Engineer, Service Director and Law Director. Nothing in this section shall preclude the City from seeking fines or other remedies associated with violations of any provisions of Chapter 1050 and 1052 or any section of the Ohio Revised Code or the Avon Codified Ordinances.

34. Warranty Against Defects.

Developer shall warrant the Public Improvements to be free from defects and shall make all necessary repairs or modifications to the Public Improvements for a period of three (3) years from acceptance of dedication of Public Improvements by the City. If the Developer fails to meet the warranty obligations in a timely manner, the City may contract with any other party for the necessary work or use its own employees to perform the work and be reimbursed by the

Developer or, if sufficient funds are available, to draw upon the financial guarantees provided in this Developer's Agreement.

38. Obligation to Notify.

Developer shall notify, in writing, any transferee of the Development or any lot located in the Development of the existence, terms and conditions contained in this Agreement and any

easements or restrictions required hereunder. The Developer shall provide the City with a copy of said written notification immediately thereafter.

WHEREAS, the Development involves the construction and dedication of Public Improvements, as set forth in the plans and specifications approved by Planning Commission on the aforementioned date, which are to be accepted by the City; and

WHEREAS, the Development Regulations of the City and the Developer's Agreement provide that the Developer shall furnish a Performance Bond, or a bond with substantially the same effect, letter of credit, cash, certificates of deposit or such other financial security as is acceptable to the City, in an amount equal to or exceeding 110% of the Developer's Engineer's estimated construction costs, engineering fees and inspection fees, as approved by the City Engineer; and;

WHEREAS, based upon the estimates of cost of construction of the Public Improvements in the Development by the Developer's Engineer, as approved by the City Engineer, Developer shall provide financial guarantees of performance for the Public Improvements to the Finance Director of the City in the form of a Performance Bond Agreement, in the form attached hereto as Exhibit "A-1 ", in the amount of **Two Million, Forty-Nine Thousand, Five Hundred Seventy-Eight and 30/100 Dollars (\$2,049,578.30)** for the Public Improvements, which is equal to One Hundred Ten (110%) percent of the total of Developer's Engineer's estimate of construction costs.

NOW, THEREFORE, in consideration of the foregoing promises and to ensure the faithful performance of the Developer's Agreement, the Developer has undertaken the following:

1. Developer will deliver to the Director of Finance of the City a Performance Bond, a copy of which is attached hereto as Exhibit A, or a bond with substantially the same effect, in the amount of **Two Million, Forty-Nine Thousand, Five Hundred Seventy-Eight and 30/100 Dollars (\$2,049,578.30)** for the Public Improvements, which represents One Hundred Ten (110%) percent of the total of Developer's Engineer's estimate of construction costs.

2. The funds which can be drawn by Developer upon the guarantees of performance shall be used for the sole purpose of payment of the cost of construction of the Public Improvements in the Development and for engineering and/or legal fees related to said Development in the event these deposits are exceeded.

3. In the event the Developer deposits cash as permitted by Section (1)(b), before delivering checks in payment for the aforesaid invoices, the lending institution shall require the contractor, subcontractor or supplier to furnish an appropriate Affidavit stating that all

subcontractors, labor, machinery, material and fuel have been paid for, and require copies of insurance, and lien waivers. All invoices must be accompanied by a letter from the City Engineer approving payment.

4. In the event the Developer deposits a letter of credit as permitted by Section 1(a), the lending institution's liability under the irrevocable letter of credit shall be reduced at the time payments are made and in the amount of such payments that are made for construction of the Public Improvements in the Development. Four (4%) percent of each invoice amount will be retained by the lending institution throughout the course of construction until the Public Improvements are completed.

5. The Developer and its lending institution shall, at all times, keep the records of said letter of credit open to inspection by the City Engineer or any authorized agent of the City.

6. Upon completion of the Public Improvements in the Development to the satisfaction of the City Engineer and the City Director of Public Service, acceptance of dedication of the Public Improvements by the City, payment of all costs and expenses of said Public Improvements, payment of all engineering and legal expenses of the City, compliance with all provisions of the Developer's Agreement and upon written instruction from the Director of Finance of the City, all guarantees of the Developer's performance shall be released in accordance with the Developer's Agreement and, in the event Developer has deposited a letter of credit pursuant to subclause (a) of Section 1 hereof, the financial institution which issued the letter of credit may release the remainder of the letter of credit, and cancel the letter of credit.

7. In the event of the Developer's default, as defined in the Developer's Agreement, beyond any applicable grace period, the City shall have the right to draw from the Developer's guarantee of performance to complete construction of the Public Improvements at the Development, or any part thereof, and to pay any engineering or legal fees pertinent to the

installation of all Public Improvements for the Development over and above the Developer's deposits, and the lending institution, bonding company or other such surety, as may be applicable, is authorized to release the funds upon certification by the Director of Finance of the City that the funds will be used for completion of construction of the Public Improvements for the Development and any applicable fees.

8. The lending institution, bonding company or other such surety, as may be applicable, shall accept as full and complete evidence of default and of the resulting right of the City to complete said Public Improvements or any portion thereof a copy of the Resolution or Ordinance from the City duly authenticated by the Clerk of Council declaring said default and the intention of the City to proceed to complete the performance of said Public Improvement contracts or any portion thereof.

IN WITNESS WHEREOF, the parties have affixed their signatures hereto this 15th day of August, 2025.
